DATA

ITEM NO.	**20608**
WEIGHT	0,184 kg
DIMENSION	L 175 mm x B 265 mm x H 40 mm
POSSIBLE CABLE LENGTH	50 m
MATERIAL	Special plastic
EAN-CODE	9120045476019

ADVANTAGES

- Suitable for RC2 Inspection camera
- Wall mount
- Mounting bracket + magnetic holder for monitor
- Vertical monitor adjustment
- Practical viewing angle 60°, hands free for working
- Cable unwinding option with cable roller XB 300, XB 500 or XB 500T

DESCRIPTION

With the RC2 camera reel, RUNPOTEC has developed a very practical tool for winding up the RC2 inspection camera. The reel has been designed so that the connector fits into the designated storage compartment via the internal recess, allowing it to be connected to the monitor at any time without the need for tedious unwinding of the cable. The reel can be mounted on the wall or suspended using the mounting bracket. Thanks to the magnet already integrated into the camera reel, the monitor can be suspended in a central position and secured using adhesive tape. The central recess allows the monitor to be positioned vertically at a practical angle to the viewer. Cable unwinding option in combination with XB 300, XB 500 or XB 500 T cable rollers.

Scope of supply: 1 x Camera reel RC2 (empty)

INFORMATION

Compatible with:
RC2 Inspection camera
50 m - Item no.: 10141
