Connection with special sliding hook

DATA

ITEM NO.	**20607**
WEIGHT KG	0,014 kg
DIMENSION	L 101 mm x B 19 mm x DM 19 mm
THREAD	RTG Ø 6 mm
MATERIAL	Special plastic
EAN-CODE	9120045476064

ADVANTAGES

- Adaptation of attachments catch hook, magnet, etc.
- Simple clipping in of the RC2 or RC3 inspection camera
- Lightweight, high-quality materials
- Option to connect 320 lumen LED lamp by RUNPOTEC

DESCRIPTION

The specially designed fit is ideal for easily and securely clipping the RC2 or RC3 inspection camera into the RC2/RC3 threaded attachment and securing it in place. This allows various attachments, such as a grappling hook, magnet or other RUNPOTEC accessories, to be fitted to the additional front thread (RTG Ø 6 mm). The RUNPOTEC 320-lumen LED lamp can also be attached. It is ideal for use in combination with the RUNPOSTICKS, allowing you to work even in the tightest spaces.
However, it can also be used with all other RUNPOTEC insertion systems featuring an RTG Ø 6 mm thread (e.g. all RUNPOTEC fibre-optic rods).

Scope of supply: 1 x RC2/RC3 thread attachment with RTG Ø 6 mm thread
