

item description: junction box for cast concrete
 serves as a transition box between the wall and the ceiling for prefabricated concrete parts, or as a classic device box with a large internal space, or as a larger junction box
 the box consists of two parts that snap into each other
 allows fixation to metal formwork using SB-M1 holding magnets, by directly hammering into the formwork or using SB-MK 1 mounting wings on the armature (before snapping the box parts)
 the box contains soft entries for the installation of pipes \varnothing 20-25 and \varnothing 25-32, while maintaining the tightness of the installation

material: PP+TPE (halogen-free)
 color: orange / gray
 self-extinguishing: no
 temperature resistance: -25 - +60 °C (short-term +90 °C)
 hot loop test: 650 °C
 fire reaction class of the base material: A1
 weight: 107 g
 meets the requirements: ČSN EN IEC 60 670-1 ed.2
 storage: ČSN 64 0090

SB-KPS 1_AB - each box wrapped in foil, labeled; 20 pcs in a carton

accessories: lid SB-VKPS 1
 wings SB-MK 1
 lid V 68_HA
 lid V 68HF_HB

recycling symbols:

box

foil

cardboard

 **WARNING**

risks associated
with

using the products: incorrect electrical installation can cause a fire - we recommend the connection to be carried out exclusively by an authorized person

when installing the boxes into the steel reinforcement, be extra careful, use appropriate protective equipment

follow the manufacturer's installation instructions according to the installation instructions and videos

damage to the product - if the box is visibly damaged, stop using it

under normal and foreseeable conditions of use, the installed box does not pose any risks to consumers
